

Akademion - Articles Export

1. Blockchain in Supply Chain Management

Author: Mahmoud Rabea

Mentor: Ahmed mohamed

Field: Information Systems

Keywords: Blockchain, Supply Chain, Transparency, Logistics

Abstract: This paper examines the use of blockchain technology for transparency and efficiency in global supply chains.

Status: published

2. Deep Learning for Healthcare Applications

Author: Mahmoud Rabea

Mentor: Ahmed mohamed

Field: Artificial Intelligence

Keywords: Deep Learning, AI, Healthcare, Neural Networks

Abstract: This article explores the role of deep learning models in improving medical diagnosis and treatment planning. We discuss recent advancements, challenges, and future directions.

Status: published

3. Quantum Computing Basics

Author: Mahmoud Rabea

Mentor: Ahmed mohamed

Field: Computer Science

Keywords: Quantum, Computing, Qubits, Algorithms

Abstract: An introduction to quantum computing principles, algorithms, and potential impact on cryptography and optimization.

Status: published
